Welcome to The Manor Residential Home

The foyer

May I firstly take this opportunity in thanking you for choosing the Manor Residential Home and I hope we live up to your expectations. Please accept this information pack as an introduction to the home. As I am sure you will understand there are many dimensions to a new life within The Manor, all of which cannot be enclosed within this pack.

The home is set in large gardens edged by trees a short walk from Arnold town centre which is located four miles North of Nottingham.

The home stands on the site of the Old Manor House which was demolished at the beginning of the twentieth century. The present Manor House was originally built in 1928 by Mr. T Nix. During its construction he purchased the distinctive stained glass window from the Nottingham Exchange. The window bears the Old Nottingham Coat of Arms and is still a most interesting and unique feature of this lovely building. The property was re-developed with a large purpose built extension in 1996. Further extensions were added in 2000.

The Manor Residential Home is a long-term residential care home for the placement of

older people aged 65 onwards. It specialises in providing support to males and females who can no longer live on their own and require help with washing, dressing, mobility and all aspects of personal care. Full nursing care is not provided however provision is made for the treatment of disease, disorder or injury.

The management team and all staff from carers to kitchen to domestics take great pride in having gained an excellent reputation within the Gedling County and constantly strive to maintain our high standards and quality care.

Our Aims and Objectives

The dining room

Maintaining a safe and happy environment

Making sure residents are aware of their surroundings, positioning of furniture and equipment. Where to locate any activities available within the home, lounges, garden and sun lounges.

Communication

To ensure all residents have a clear understanding of the carer call system. To ensure residents know how to operate and make the best use of the aids available: hearing aids, spectacles, speech recorders and to encourage any resident whose sight is poor to use facilities such as talking books.

Eating and drinking

To serve meals with attention to residents likes and dislikes. To note any resident who does not like a particular meal, involvement with resident in choosing their meals is very important. To ensure a balanced diet, to note problems and report them e.g. loss of appetite or weight changes. Correct diet for each resident (diabetic etc.) and maintain adequate fluid intake.

Bathing and dressing

Preserve dignity and maintain privacy at all times, this is paramount to the care of residents. Assistance where needed and know how to maintain privacy. Report any abnormal skin conditions, check pressure areas and oral

hygiene. Encourage independence at all times and involve residents in choosing their own clothes.

Mobilising

Close observations and assistance whilst walking as required. Encourage independence but giving help when necessary, to be patient and give reassurance at all times.

Sleeping

Helping residents to get essential hours of sleep is an important part of the 24 hour care given to all residents. This is achieved by: administration of any prescribed drugs, ensure comfort, relief of pain and practical measures to aid sleep e.g. warm drink. Recognising that sleep doesn't come easily to everyone and to identify why a resident cannot sleep.

Leisure

Assess residents abilities and interests. Provide opportunities for relaxation and recreation. Encourage group activities e.g. shopping trips and outings. Talk to residents as individuals... it can be quite surprising what some like to talk about or what they would like to do.

Welcome and enhancement

To maintain a homely and welcoming environment for residents, their families and friends. To promote the move into the Manor Residential Home as the start of a new beginning and enhance the quality of life.

“After having to leave home we have been so lucky to come to such a lovely place to live and where we are so well looked after, dedicated staff are always at hand”

Complaints policy statement

The home believes that if a resident wishes to make a complaint or register a concern then they should find it easy to do so. It is the home's policy to welcome complaints and look upon them as an opportunity to learn, adapt, improve and provide better services. This policy is intended to ensure that complaints are dealt with properly and that all complaints or comments by The home believes that failure to listen to or acknowledge complaints will lead to an aggravation of the problem, residents

dissatisfaction and possible litigation. The home supports the precept that most complaints, if dealt with early, openly and honestly can be resolved at local level between just the complainant and the home. If this fails the complaint will be referred to the Care Quality Commission and legal advice will be sought if necessary.

The home fully adheres to Regulation 16(3): Receiving and Acting on Complaints, Health and Social Care Act 2008 (Regulated Activities) Regulations 2014).

“This is a nice place to live, comfortable with approachable staff...I’m very happy living here”
